SPRINT-4

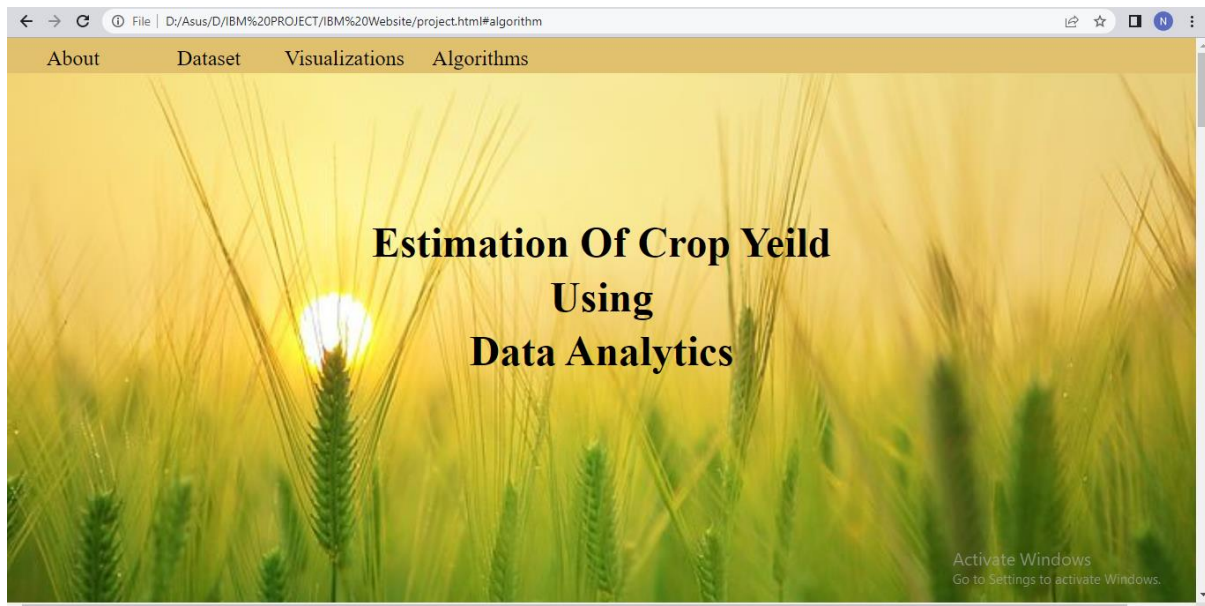

Date	12 November 2022
Team ID	PNT2022TMID25946
Project Name	ESTIMATION OF CROP YIELD PREDICTION USING DATA ANALYTICS

Export the Analytics:

We are exporting the created dashboard to showcase the work to others. It is done with the help of ibm cognos and ibm cloud. The created dashboard was embedded in our create website.

WEBISTE FRONT PAGE:

This page will be visible only after sucessful login.

DASHBOARD VISUALIZATION:

In the website, choosing the visualization in the navigation bar will redirect into the dashboard. The user can interact with that established dashboard.
