REGISTRATION FORM:

The new user should register with username, password and Email-id to access the website. After registering, user's login credentials will be stored in the database.

The image shows a registration form overlaid on a background of a cornfield. The form has a title "Registration Form" at the top. Below the title, there are three input fields: "Name" with the value "seekers", "Email" with the value "seekers123@gmail.com", and "Password" with a masked value "*****". Below these fields is a green "Register" button. To the right of the input fields is a vertical illustration of a person standing next to a large purple document or form, with various icons (lock, mail, gear) and a "SUBMIT" button at the bottom.

LOGIN FORM:

Once registered, the user can directly login to the website by using their login credentials. There is no need to register each and every time the user tries to access the website.

AFTER LOGIN:

The following message will be displayed,
